Fees & charges for the 2020-2021 school year

This document clarifies the calculation of and charging/billing of the annual Tuition and Boarding fees for the 2020-2021 school year. The School fees are established as an annual fee, but for parents' convenience it is billed to allow three (term-wise) instalment and to be paid at the beginning of each term. Although the 2020-2021 school-year has been delayed, we expect to complete a full school year, i.e. the full number of school days, by teaching Monday to Saturday, inclusive. This will allow teachers and students to complete the full syllabuses in the required number of school days.

The three fee instalments will be billed as follows:

Instalment 1/Term 1: Sept 15th-Nov 14th (53 days)

Instalment 2/Term 2: Nov 15th-Jan 30th (57 days)

Instalment 3/Term 3: Jan 31st-Mar 31st (53 days)

As per the School's regulations, fees are to be paid within 10 days of the start of each term.

Late/Unpaid accounts

If parents experience difficulty in paying the fees on time, they MUST communicate with the Principal ahead of time so that an arrangement can be made. To simply ignore the fee bill is not acceptable and will, as per School regulations, likely result in the contract being terminated and the student permanently withdrawn.

Unfortunately, as is experienced by most fee-charging schools, we have a number of parents who do not pay their fees on time. Today, there are more than 100 accounts that still have the Term 3 (i.e. January-March 2020) fees unpaid. After numerous letters and phones calls to these parents, and broken promises to pay, these students have, very sadly, been withdrawn from Sadiq Public School. The accounts have been handed to our Debt Recovery department.
